2. Notice is hereby given that the draft rules will be taken into consideration on or after the 1st February 1911. Any objections or suggestions which may be received from any person with respect to the draft rules before the aforesaid date will be taken into consideration.

Draft rules.

1. (1) These rules may be called the Motor-Vehicles Rules, 1910.

(2) They shall extend to the whole of the Madras Presidency.

(3) In these rules—

(a) "The Act" means the Indian Motor-Vehicles Act, 1914.

(b) "Motor-cycle" means a two, three or four-wheeled motor-vehicle, fitted with a seat or seats, but without a carriage body (which includes a side car) and weighing not more than 5 cwt.

Provided further that every motor-vehicle which was registered under the rules formerly in force under the Indian Motor-Vehicles Act, 1903, and is in use on the date from which these rules take effect, shall be deemed to have been registered under these rules.

6. The fee payable in respect of registration shall be Rs. 4 for motor-cycles and Rs. 10 for all other motor-vehicles.

7. Every transfer of ownership and every transfer of possession, whether temporary or otherwise, of a motor-vehicle registered under these rules must forthwith be reported to the registering authority by the registered owner and by the transferee.

APPENDIX V.

PARTICULARS RELATING TO PENSIONS, PROVIDENT FUND, AND LEAVE.

[N.B.—This Appendix is compiled from the regulations for the time being, and is subject to alterations from time to time. The full form and pension rules are contained in the Civil Service Regulations published by the Government of India.]

1. The following is a summary of the principal pension rules applicable to Engineers appointed to the Imperial Service by the Secretary of State from the United Kingdom.

An officer is eligible for a pension on voluntary retirement after completing 20 years' qualifying service at attaining the age of 50 years. If at an earlier date he is compelled to retire from the Service through ill-health not occasioned by irregular or intemperate habits, he becomes eligible for an awarded pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows:—

After a service of less than 10 years, an awarded gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an awarded pension not exceeding the following amounts:—

Years of completed service.	Maximum, that of pension, is.
10	1,000 a year.
11	1,100 a year.
12	1,200 a year.
13	1,300 a year.
14	1,400 a year.
15	1,500 a year.
16	1,600 a year.
17	1,700 a year.
18	1,800 a year.
19	1,900 a year.

After a service of not less than 20 years, a retiring pension not exceeding the following amounts:—

Years of completed service.	Maximum, that of pension, is.
20 to 24	4,000 a year.
25 and above	5,000 a year.

Officers who have shown special energy and efficiency during an active service of three years in certain appointments may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must quit India voluntarily before the completion of a total qualifying service of 25 years.

Subject to certain prescribed conditions, superpensions may now be granted at the rate of one-half of the rate of the superpension provided in the Indian Government regulations in such cases as may be approved.

2. A provident fund to which all Civil Engineers entering the Public Works Department in the Service will subscribe has been established for all Civil Engineers of the Department on the following basis:—

- (1) The contributions is compulsory up to 5% per cent. on salaries, with not more than a further 5% per cent. voluntary contributions. Subscriptions on leave of any kind are optional.
- (2) Compound interest on each payment is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.
- (3) The sum which thus accumulates to the credit of an officer in his absolute property, subject to the rules of the Fund, and is handed over to him unconditionally on quitting the service; or, in the event of his death before retirement, to such person or persons as, under the rules of the Fund for the time being in force, may be entitled thereto.
- (4) Other forms of life insurance will, however, if they fulfil certain conditions, be accepted in lieu of the contributions in (1).

LEAVE.

3. The following is a summary of the principal regulations relating to the leave admissible to Engineers appointed to the Imperial Service by the Secretary of State from the United Kingdom.

(a) Short leave.

4. Privilege leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months, served by 33 months' duty. During privilege leave the officer retains a lien on his appointment, and receives an advance on credit to the salary which he would receive if he were on duty in the appointment to which he has a lien. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be granted in full-time, special leave, or extraordinary leave without appointment. The whole period of leave thus taken in each instance is known as combined leave. Combined leave cannot be granted for a shorter period than six months, nor except on medical certificate, may it be extended to, and, two years.

5. Extraordinary leave without appointment may be granted in cases of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

4. Subsidiary leave is *leave* for a minimum of ten days, usually with half average salary, may be granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to settle his appointments. It is admissible only of the sort, and not at the beginning, of combined leave.

5. Short leave is also granted to enable officers to appear at examinations, etc.

(b) Long leave

6. Furlough and special leave with allowances (see paragraph 10) are admissible to an aggregate minimum amount of six years during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

Furlough on medical certificate may be granted (a) to an officer who has rendered three years' continuous service, for not more than two years, less capable of extension up to three years, and (b) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to one longer period, if any (but not exceeding two years), as the officer may have furlough "due" to him.

7. The allowances admissible during furlough are—

(a) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due,"—half average salary subject to certain restrictions and maximum limits.

(b) After the expiration of the period for which the foregoing allowance is admissible,—one-quarter of average salary, subject to certain maximum and minimum limits.

8. Special leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated on during furlough, are given during the first six months only, whether taken in one or more instalments.

General Rules.

9. Leave of absence, whether on furlough or on privilege leave, can never be claimed as of right, and is given or refused at the discretion of Government.

10. After five years' continuous absence from India, an officer is considered to be out of the employment of Government.

11. Where leave of absence other than privilege leave pay was paid at the Home Treasury, or in a Calcutta where the amount of currency in gold, rupees and converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorized. But for the current rate of exchange is subject to a maximum of 10. 12. In the case of privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 10. 12. in the rupee.

APPENDIX VI.

REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENT TO THE POLICE WOMEN DETACHMENT OF THE DETACHMENT OF INDIA.

Note—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate, whom he may consider, after hearing the opinion of his medical advisors, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.

It is not the practice to communicate to candidates who may be rejected as physically unfit for service in India the reasons for the Medical Board's opinion.

General Physical Requirements

1. A candidate must be of good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of measurements of age, height, and chest girth—

Age.	Height without shoes.	Chest.	
		Girth when expanded.	Radius of expansion.
		Minimum.	Maximum.
17 and upwards	47½ and under 48	34	3
	48 " 49 " "	34½	3
	49 " 50 " "	35	3
	50 " 51 " "	35½	3½
	51 and upwards	36	3½

3. *Measurement of height*.—The candidate will be placed against the standard with his feet together, and the height thrown on the heels, and not on the toes or outside of the feet. His well-stretched arms will be depressed to bring the vertex of the head level with the horizontal bar, and the height will be noted to the nearest sixteenth of an inch. In the Indian Police Force a minimum height of 5 feet 4 inches is required, but in other departments an exact limit of height is imposed.

6. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its poles or square edge touching the anterior angle of the shoulder blades, and the anterior lower axilla; the upper part of the scapulae. The arms will then be lowered to hang loosely by the side, and some will be taken that the candidate are not always towards or backwards as it is difficult to keep. The candidate will then be directed to inspire his chest as far as he can, as is possible. This is best done in during the process, and when the maximum measurement is reached it is recorded. The tape is carefully fastened will then be directed to inhale his chest to its utmost capacity. This maximum measurement will then be noted. The chest, with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

7. The breathing must be good.

8. The speech without impediment.

9. The teeth in good order, i.e., decayed or broken teeth must be properly stopped or crowned, and defective teeth replaced by artificial teeth where necessary for effective mastication.

10. The chest must be well formed, the lungs and heart sound.

11. Buphry, hydrocele, varicocele, venereal virus in a severe degree, or other conditions likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

12. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

13. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

14. A candidate must not be the subject of chronic disease.

15. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

16. The Regulations as to the standard of vision required are shown separately for each department. In all cases of "colour blindness" a note of the same will be made on the candidate's papers.

Candidates may, if they wish, undergo a preliminary examination by the Medical Board, which meets at the Indian Office every Tuesday, under the following conditions:—

(a) Application must be addressed to the Under Secretary of State, Indian Office, War Office, London, accompanied by a fee of two guineas, and a statement as to the particular appointment which the candidate desires to obtain.

(b) Candidates must pay their travelling expenses.

(c) Candidates admitted to be met by the Medical Board at the preliminary examination are not bound to accept its opinion, but may, at their own risk, require their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to the examination, or to their appointment.

(d) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has no other that cannot say that he is accepted as physically fit when he presents himself for the final medical examination, upon which must be accepted as or rejected with regard. Candidates may be considered fit for the service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

REGULATIONS AS TO THE STANDARD OF VISION.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the astigmatism does not exceed 5 D, and if, with correcting glasses not exceeding 5 D, the astigmatism of vision is one eye equals 1 and in the other 1, there being several cases of accommodation with the glasses.

2. Myopia astigmatism does not disqualify a candidate, provided the lens, or the combined spherical and cylindrical lenses, required to correct the error of refraction, does not exceed 5 D, the astigmatism of vision in one eye, when corrected, being equal to 1, and in the other 1, together with normal cases of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals 1, and in the other eye equals 1, with +4 D glasses, or any lower power.

4. Hypermetropic astigmatism does not disqualify, provided the lens or combined lenses required to correct the error of refraction do not exceed 4 D, and that the sight of one eye equals 1, and the other 1, with or without such lens or lenses.

5. A candidate having a defect of vision arising from weakness of the cornea is disqualified if the sight of one eye be less than 1. In such a case the better eye must be photographed. Defects of vision arising from pathological or nature changes in the deeper structures of either eye, which are not referred to in these rules, may exclude a candidate.

6. Squint or any marked irregularity, subject to the risk of degeneration or recurrence, in either eye, may cause the rejection of a candidate. Any irregularity of the colour sense is a disqualification for appointment to the engineering branch of the Railway Department. In other cases the existence of irregularities of colour sense will be noted on the candidate's papers.
